INTRODUCTION

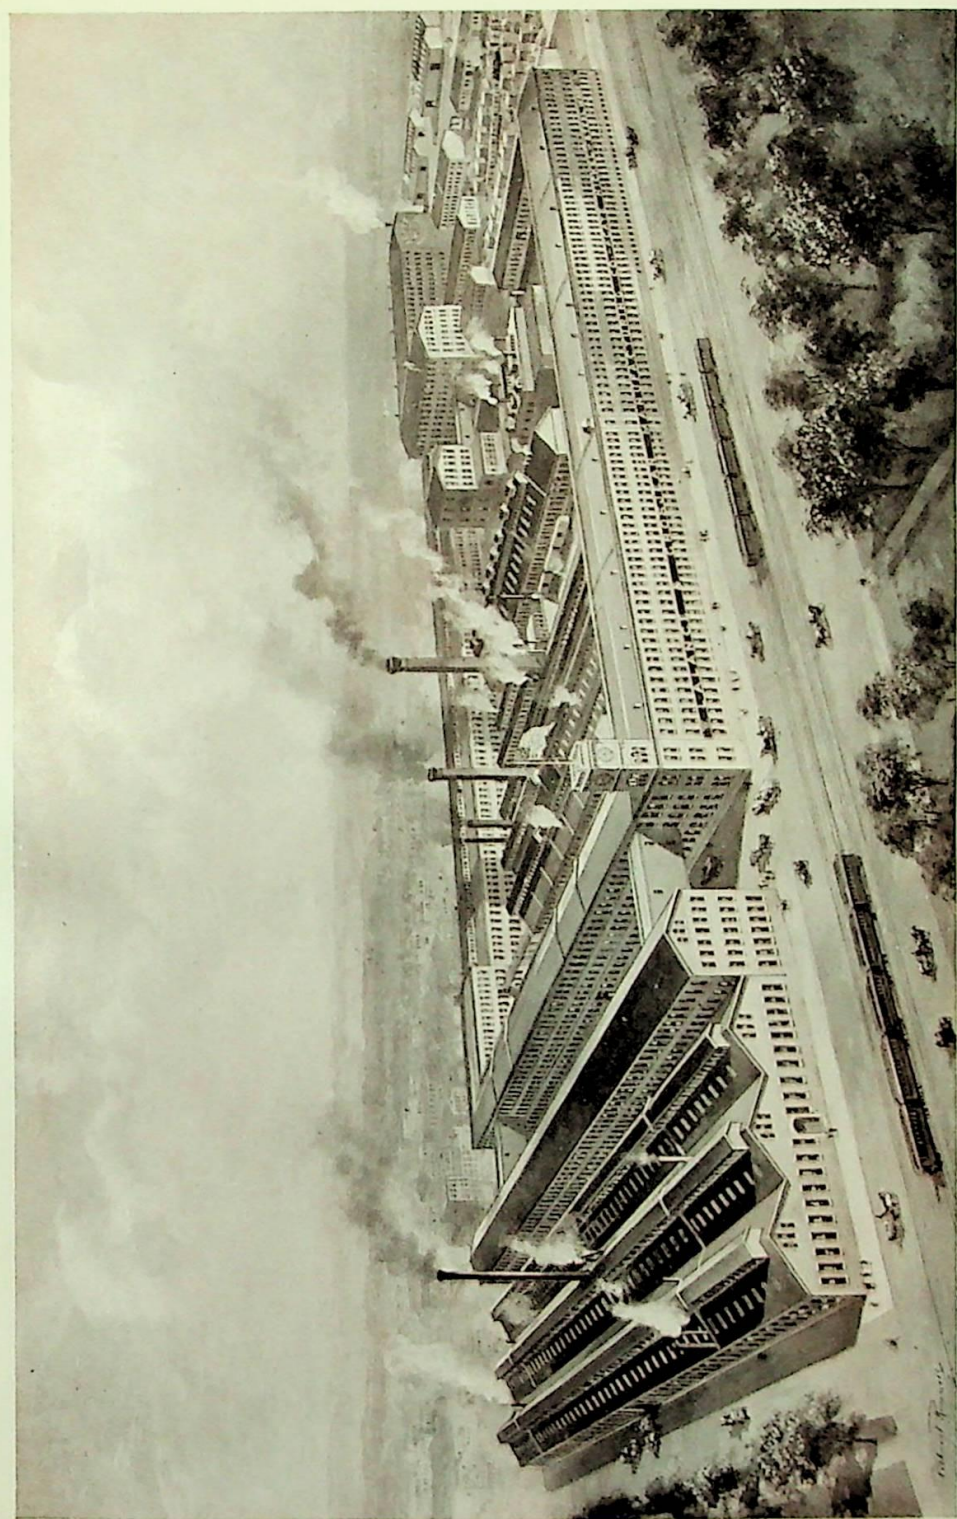

IN issuing this Catalogue, we have tried as far as practical to picture to our customers just how an article will look when delivered to their stocks. These illustrations we believe represent as far as the printing art will go, an absolute reproduction of the goods themselves.

We have tried to convey information that is desirable to all customers to assist them in ordering, by giving the correct package and shipping weights of each and every package as it will leave our factory.

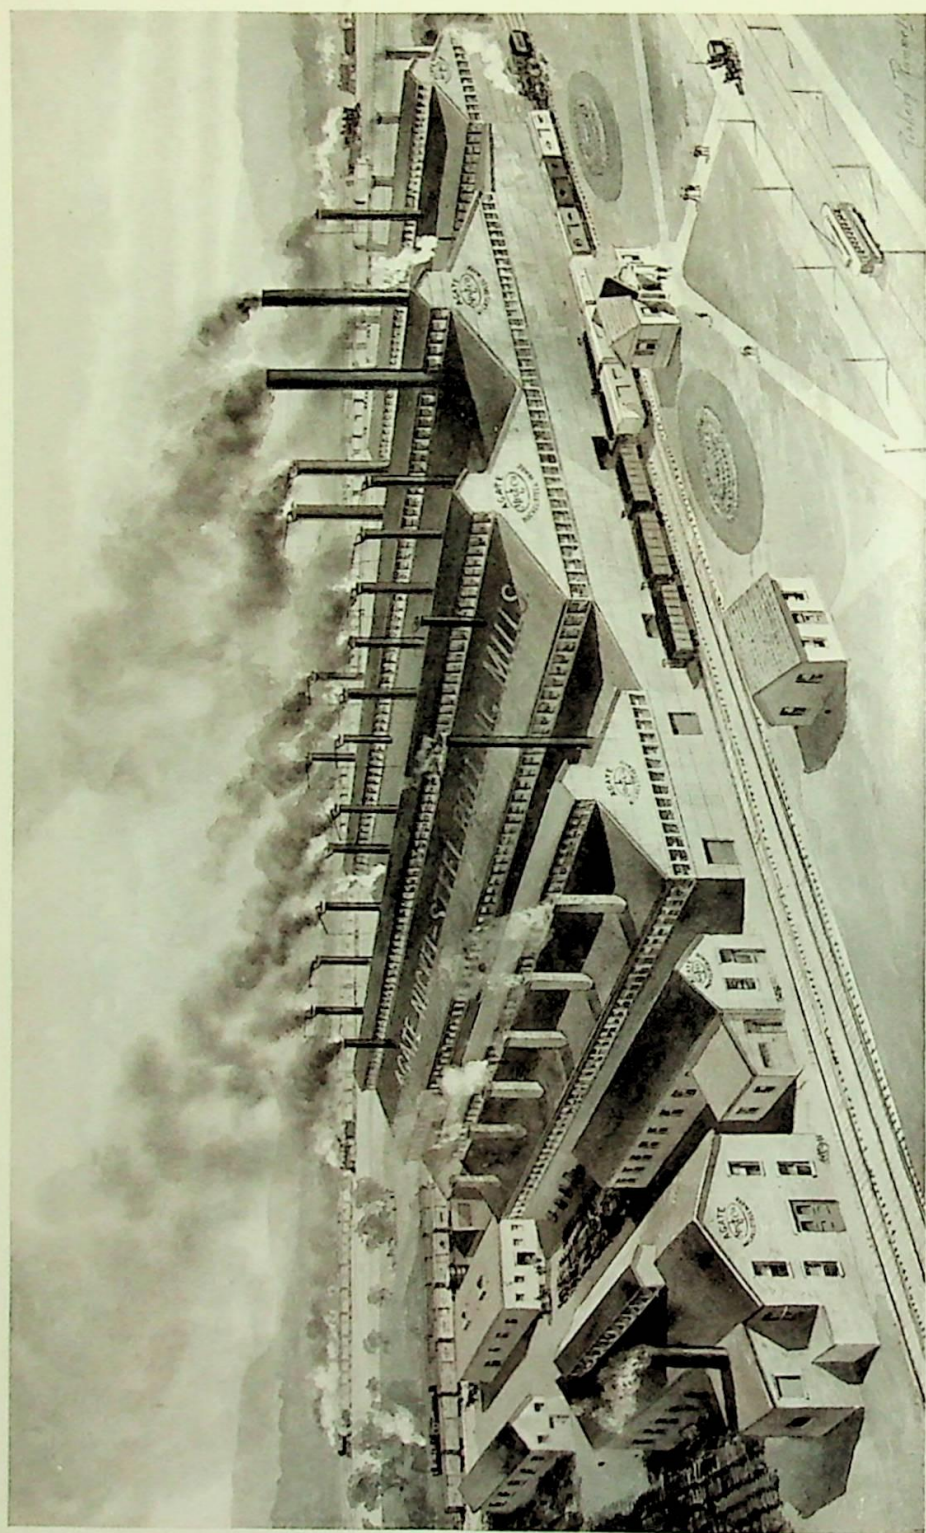

We manufacture the largest and most complete line of Kitchen Utensils, made, and the multiplicity of sizes with the great variety of shapes will enable any customer to fill the requirements of his trade.

In addition to the articles listed in this Catalogue, we manufacture many specialties in Enameled Scale Pans, Coffee Urn Linings, Reflectors and Galvanized Shop Pans. We are equipped to manufacture any special article made of sheet metal in Enameled, Tinned, Galvanized or Black Steel, and should be pleased to make quotations on application.

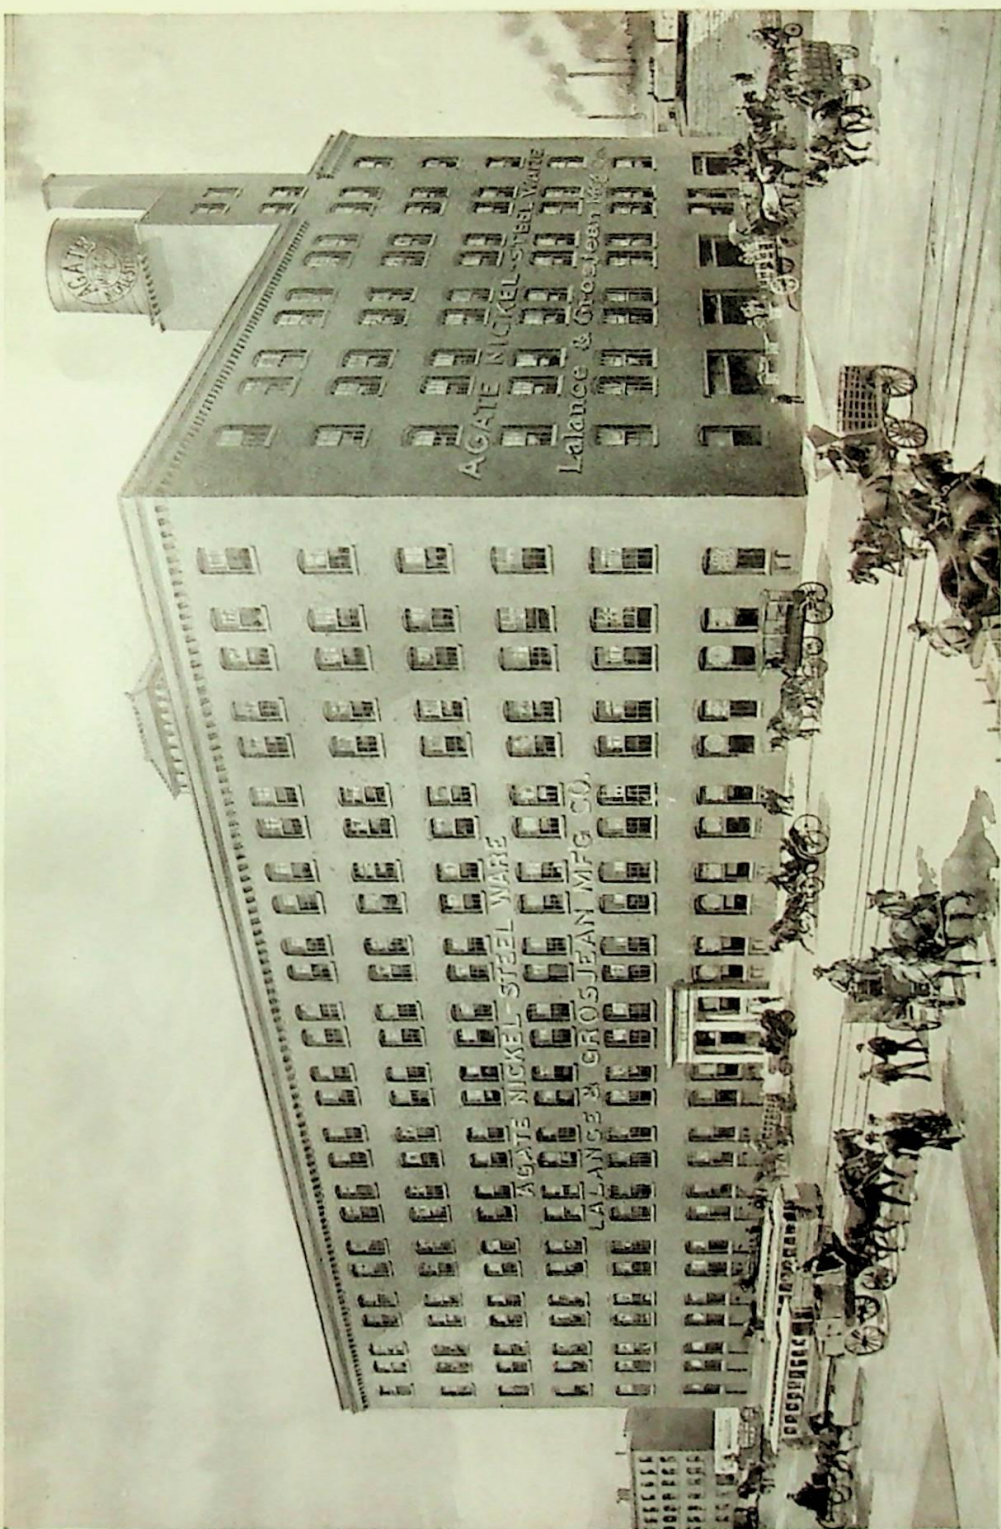

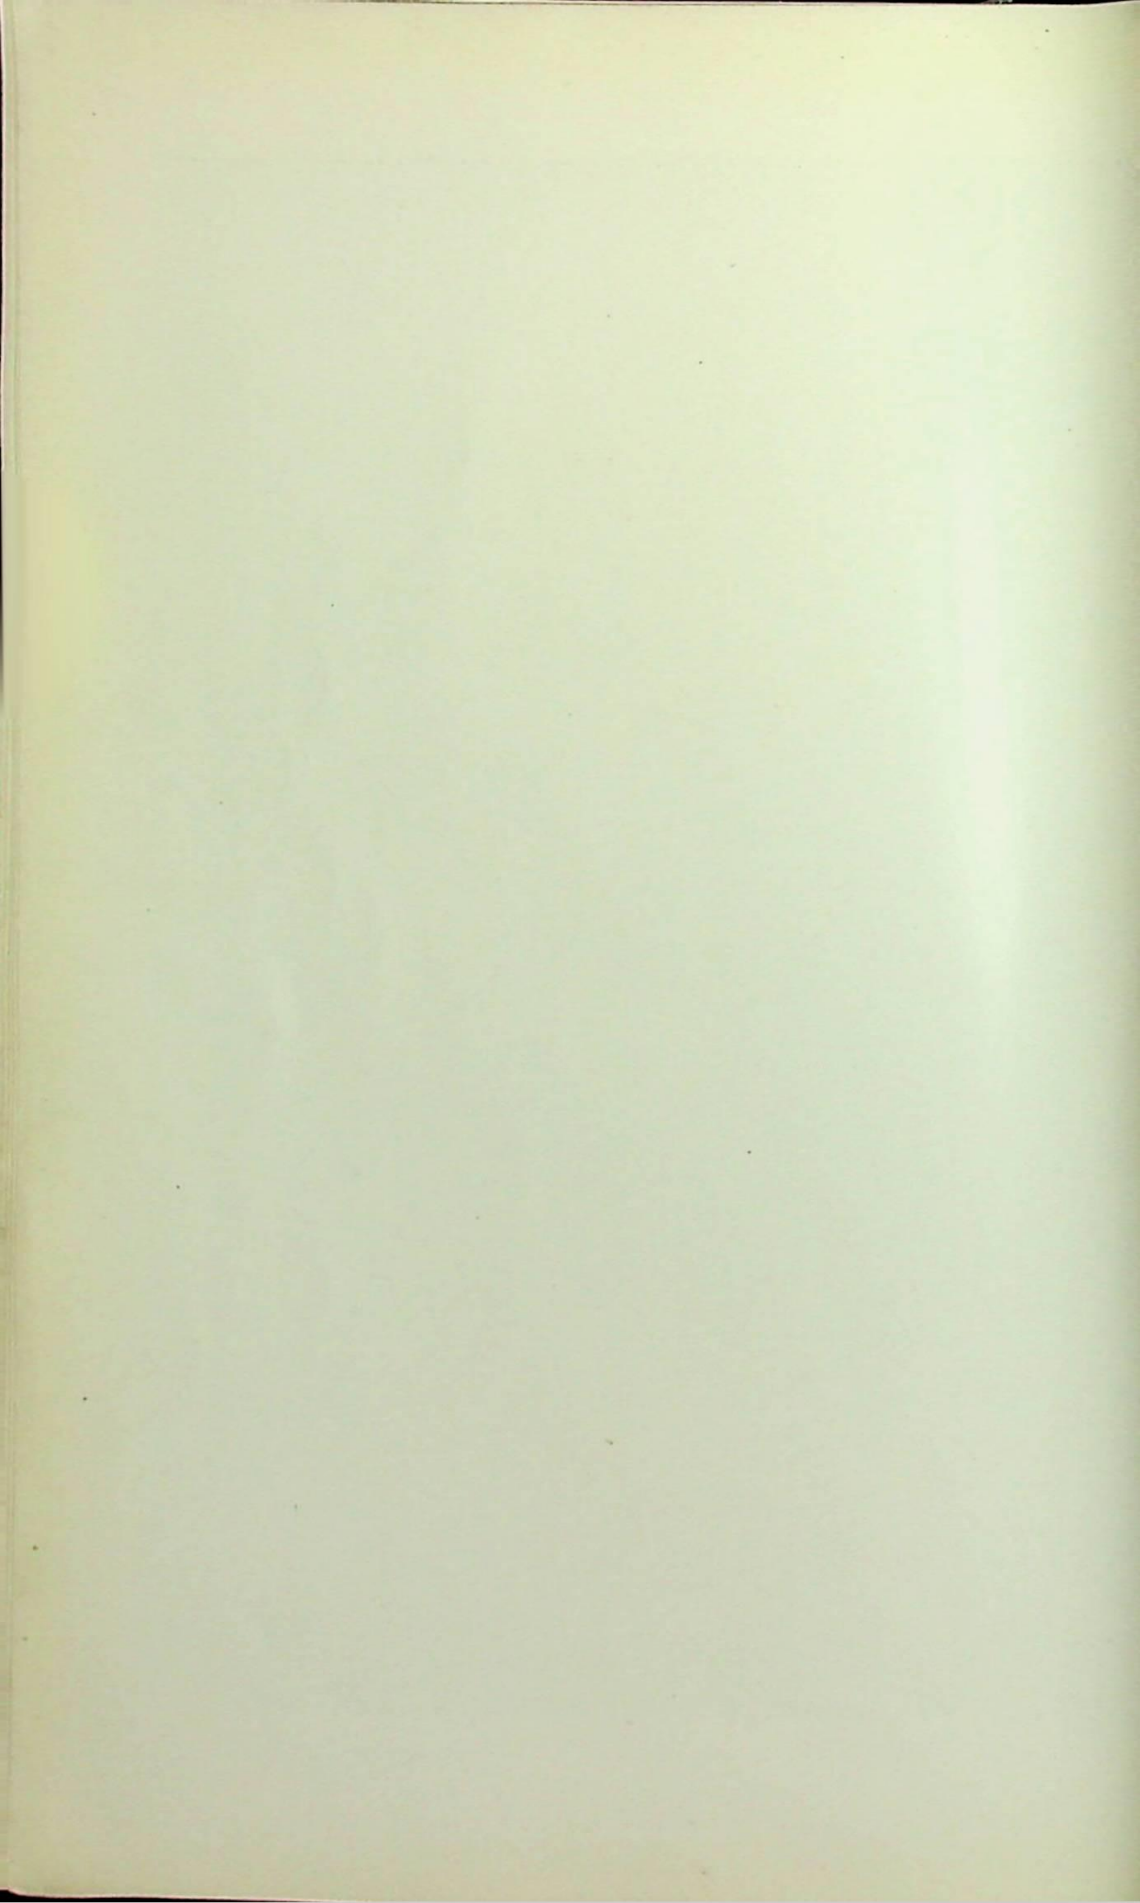

Factories, Woodhaven, L. I., New York

ROLLING MILLS, TIN PLATE WORKS AND FOUNDRY, HARRISBURG, PA.

SALESROOM AND WAREHOUSE, NINETEENTH AND CLARK STREETS, CHICAGO, ILL.

TO THE TRADE

IN presenting this Catalogue, on Articles illustrated herein, we annul all previous lists issued heretofore on these lines.

All prices contained in the Catalogue are without guarantee, and are subject to change without notice.

Measurements given are accurate. The Capacities given are what are known as "Trade Capacities," but are not guaranteed as being accurate.

Yours truly

LALANCE & GROSJEAN

AGATE NICKEL-STEEL WARE
HIGHEST GRADE ENAMEL

—•—

THIS TRADE MARK IS *BURNT IN*
THE ENAMEL ON EACH PIECE

Guaranteed Absolutely Pure

AGATE NICKEL-STEEL WARE

THE superiority of Agate Nickel-Steel Ware over all other makes of culinary utensils consists largely in the fact that the enamel is so hard that the fusing point is not reached until the nickel-steel of which the articles are formed is about ready to melt, thereby combining with the pure vitreous composition and forming a clinch or perfect union, which no subsequent heating can destroy, and which for tenacity and power to resist the action of acids has no equal.

The purity of the materials used in its composition, the excellency of the workmanship, together with the finish and multiplicity of designs and shapes, are such that it enjoys a world-wide reputation.

The ware is strong and durable, yet light and convenient to handle. *It is double coated with a hard vitreous covering, presenting a smooth, highly polished and beautifully mottled gray surface, very handsome in appearance, and as easily cleaned as china.* Together it is the cleanest, most durable and best ware for family use ever made. It will not rust, break or solve like *ordinary enamels*, and is absolutely pure and safe to use, as certified to by the most eminent chemists here and abroad.

It is sold by all first-class dealers throughout the world, and gives universal satisfaction.

ALL WHITE
ENAMELED WARE

THESE goods are made of Sheet Steel, coated on the inside and out with an absolutely pure White Enamel, and ornamented with a bright Blue Border.

EL-AN-GE
MOTTLED GR
WARE

THESE goods are made of Sheet Steel, coated with Mottled Green Enamel.

TURQUOISE
PEARL-AGATE
WARE

THESE goods are made of Sheet Steel, coated on the inside with an absolutely pure All White Enamel, and on the outside with a bright Turquoise finish.

BROWN AND WHITE
ENAMELED WARE

THESE goods are made of Sheet Steel, coated on the inside with an absolutely pure white Enamel and on the outside with a Brown Enamel.
